

DIAGNOSTIC REPORT  
NAPLES MEDICAL CENTER  
400 EIGHTH ST. NORTH  
NAPLES FL 34102

PATIENT NAME: MCARTHUR, WILLIAM G.  
DATE OF BIRTH: 7/1/1940 AGE: 72 SEX: M  
MODALITY: X-RAY REPORT  
PATIENT MRN#: 22114733  
REPORT STATUS: FINAL  
PROCEDURE: 73630 X-RAY RT. FOOT

EXAM DATE: March 4, 2013  
DR. ORDERING: Tyrone J. Medina, M.D.  
TECH: Nancy Butler, R.T.(R)(M)

**STUDY: RIGHT FOOT**

**HISTORY:** Pain from running.

**FINDINGS:** AP, lateral, and oblique views of the right foot demonstrate moderate hallux valgus with moderate degenerative changes of the great toe MTP joint. There are prominent subchondral cysts of the base of the great toe proximal phalanx. The largest of these is approximately 8 mm. No definite acute fracture is seen. There is small posterior and inferior calcaneal osteophytes noted.

**IMPRESSION:** No definite acute fracture seen. Degenerative changes, as described.

A handwritten signature in cursive script that reads "Pamela L. Caslowitz".
